## Comments.

(1) [ ] a unit which is known to be stationed in Ludwigsburg and commanded by Colonel Rokovyev (fmu). However, the unit has been carried as an artillery unit, whereas the present report indicates that it is possibly a tank unit. [ ] belongs to a tank unit in Ludwigsburg whose commanding officer, Colonel Tomashenko (fmu), has been known as Lieutenant Colonel to date. [ ] is reported for the first time. [ ] confirms the Mq 13th Mecz Div up to 23 December 1951. The division headquarters is located in Perleberg, but it is possible that an element of it is stationed in Ludwigsburg. Colonel Ballandin (fmu) was previously reported to have been a lieutenant colonel and commanding officer, probably of a divisional motor transport unit. [ ] a unit in Ludwigsburg [ ] is under the command of Colonel Tislenko (fmu). [ ] an artillery unit in Ludwigsburg whose commanding officer, Colonel Niyeyevich (fmu) has been known as lieutenant colonel to date.

(2) [ ] is probably assigned to a unit in the billeting area of the 18th Mecz Div. It was mentioned in two previous reports from Ludwigsburg and Parchim respectively.

(3) [ ] the Mq 13th Mecz Div, but there are no indications that elements of the division headquarters are located in Magdeburg.

(4) [ ] confirms the 10th Gds RL Regt of the IX Mtc Rifle Corps in Schwerin up to 31 December 1951. [ ] reported Lieutenant Colonel Kirilov (fmu) only as an officer of the regiment, and specified Colonel Yegorov (fau) as the commanding officer. [ ] the bacteriological station in the Soviet military post hospital, Schwerin.
